

# Paradox Spectra User guide

Before arming the system, make sure the green status/ready light is on.

## Arming in Away mode:

Away mode is used when leaving the building, it arms every sensor.

- 1) Press ARM, then enter your 4-digit.
- 2) If you have access to multiple partitions you will need to press 1 or 2 to select one.
- 3) If one touch arming is enabled you just need to hold down AWAY for 3 seconds.

## Arming in Stay mode:

Stay mode is used when staying in the building, it will only arm the stay zones.

- 1) Press STAY, then enter your 4-digit.
- 2) If you have access to multiple partitions you will need to press 1 or 2 to select one.
- 3) If one touch arming is enabled you just need to hold down STAY for 3 seconds.

## Arming in Sleep mode:

Sleep mode is used when staying in the building, it will arm the stay and sleep zones.

- 1) Press SLEEP, then enter your 4-digit.
- 2) If you have access to multiple partitions you will need to press 1 or 2 to select one.
- 3) If one touch arming is enabled you just need to hold down SLEEP for 3 seconds.

## Disarming the alarm:

Turns the system off.

- 1) Press OFF then your 4-digit code, the red light should turn off.
- 2) Or enter through an entry door and just enter your code during the entry delay.
- 3) If you have access to multiple partitions you will need to press 1 or 2 to select one.
